

# Food Allergy Awareness Videoconference

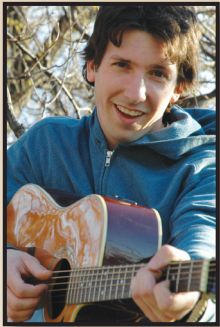

Food Allergy Awareness

www.foodallergy.org

VC4U has partnered with **The Food Allergy and Anaphylaxis Network (FAAN)** to bring you Kyle Dine! Kyle's famous sing-alongs help children become aware of common food allergy situations. Activities aligned with current health TEKS will be provided for easy incorporation into lesson plans. Sessions include a surprise celebrity guest appearance and information on FAAN's "Be a Pal" program, an educational awareness program designed to help parents and educators teach students about food allergies.

## Kyle Dine

is a Canadian musician whose CD "You Must Be Nuts!" contains 14 songs that are meant to educate and empower those dealing with food allergies. His live shows raise school allergy awareness through his fun, interactive food allergy performances!

### Grades Pre-K-4

Time: 9:00 a.m.-9:40 a.m.

### Grades 5-8

Time: 10:00 a.m.-10:40 a.m.

**Interaction:** Sites wishing to interact should consult the directions for doing so on the registration form. Most sites will be view only.

**Resources:** All resources for this videoconference are located at [www.esc4.net/edtech](http://www.esc4.net/edtech).

**Registration:** To register, visit the TETN home page at <http://www.tetnplus.net>.

**Participation:** To participate, your school must be a member of an Education Service Center's (ESC) videoconferencing network. If you are not sure if your school receives videoconferencing services, contact your regional ESC.
